Harry Glazier, who is appearing at the head of an excellent company in the entereers," at the Park Theater the last half of this week, is a star of somewhat better attainments than one might expect to see performance yesterday afternoon was attended by a large audience that seemed thoroughly appreciative of the high class and his associates. The production is under the direction of Managers E. D. Stair and George H. Nicolai, and has evidently been arranged with great care. The scenery is in some instances a trifle worn, but this is to be expected in a production that has been over the road two seasons. The gramatization, which was made by Edmund Day, follows the fascinating novel of Glazier's impersonating of the dashing Club. D'Artagnan, he whose sword was ever ready to leap from its scabbard in defense of the weak, is worthy of warm praise. Wright M. Lorimer as the King, John P. Barrett as Cardinal Richelfeu, Joseph I. Sullivan as the Duke of Buckingham, Donala Weldon as Captain De Jussac, T. G. Lingham as Athos, Francis Nelson as Porthos, L. C. Ingraham as Aramis, Mr. Lorimer as Bonacleux the landlord, Emmet Price as Ruchet, host of the inn, W. J. Phinney as Seadrift, captain of The True Briton, and Miss Blanche Stoddard as the Queen, are all competent in their respective roles. Miss Cella Campbell makes an excellent Constance. The leading femining character of Blanche, Lady De Winter, known as anadi, is intrusted to Miss Vail de Vernon, a favorite actress with local theatergoers. Miss De Vernon has a remarkable voice, which she employs to fine advantage in the strong situations. "The Three Musketeers" will remain the rest of the week with two performances

The death of this man, a citizen of Indianapolis, a neighbor of many of our school children, and known to them, is an event of national interest and sorrow. General Harrison was prominently connected with the Citizens' Educational Society, attended its meetings whenever his engagements permitted, and manifested in this and other ways his interest in the public schools of our city and State. His children attended the public schools-the best evidence of his faith in popular education. The teachers of his children were invited to his home, and were always treated with that respect and consideration which means so much to the teacher. "Teachers will, of course, speak of his

# Omega Oil

You needn't be afraid to rub Omega Oil on a child's throat or chest for sore throat or cold in the chest. It's the best thing you ever saw for children. It does them just as much good as it does big folks, and it won't burn or blister the most tender skin. Omega Oil is nice to use, too. It has a sparkling green color, and its smell is just as pleasant as can be. You must try Omega Oil itself to find out how good it is. You cannot judge it by other liniments.
